

Ideation Phase

Brainstorm & Idea Prioritization Template

DATE	26.10.2023
TEAM ID	NM2023TMID08554
PROJECT NAME	Blockchain Technology For Electronic Health Records

Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process. Creative thinking leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

Brainstorm & idea prioritization

Before you collaborate

- A Team gathering**
The team met to discuss implementing a blockchain-based electronic health record. It's important to discuss key aspects such as system requirements, user training, data security, and potential challenges.
- B Set the goal**
Setting up an electronic health record (EHR) system on the blockchain involves careful planning and goal setting to ensure efficiency, security, and compliance.
- C Learn how to use the facilitation tools**
These facilitation tools enhance the efficiency and patient care.

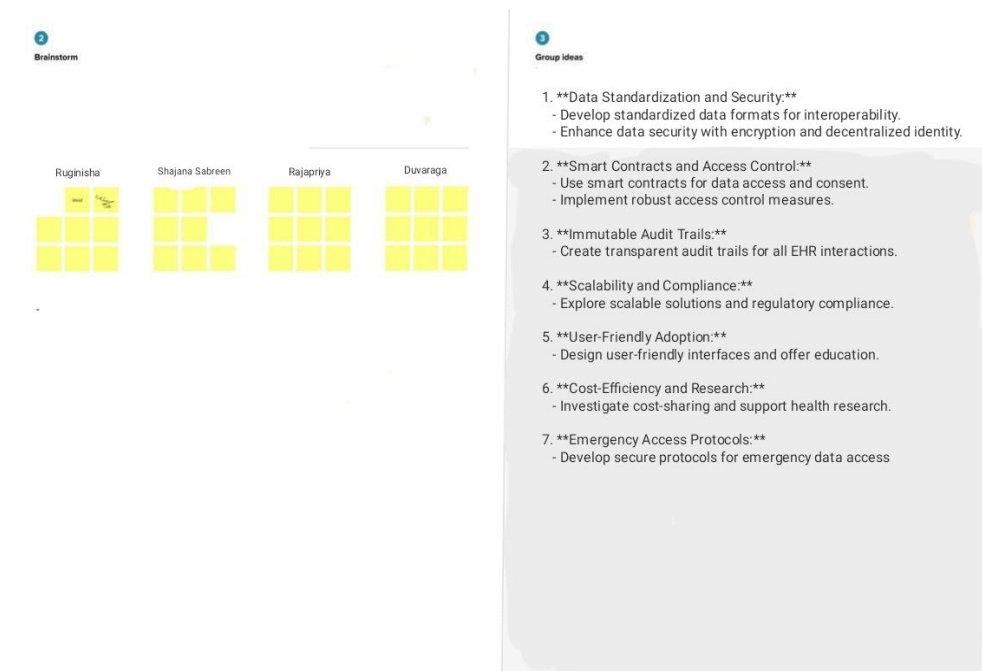

1 Define your problem statement

To develop a blockchain-based electronic health record to address issues like enhancing data integrity, security, enabling seamless sharing of patient records among different stakeholders while ensuring integration with existing systems, secure, privacy-preserving health care management.

Key rules of brainstorming
To run a smooth and productive session

- Stay in topic.
- Defer judgment.
- Go for volume.
- Encourage wild ideas.
- Listen to others.
- If possible, be visual.

Step-2:Brainstorm, Idea Listing and Grouping

Step-3:Idea Prioritization
